About Edmarc

Edmarc offers family-centered care to children with life-threatening illnesses, providing in-home assistance to give families more quality time together. Established in 1978, Edmarc delivers nursing care, psychosocial and bereavement support, volunteer services, and fun activities for the whole family.

Approximately 27,000 children are diagnosed with life-threatening conditions across the US each year. This diagnosis brings significant changes to the lives of these children and their families. Their daily routine is filled with tests, hospital visits, and ongoing uncertainties. In Hampton Roads, Edmarc stands beside them, offering support and assistance to ensure a more comfortable journey through these challenging circumstances.

For 28 years, the Edmarc Charity Golf Classic has been instrumental in funding this essential initiative, ensuring families are not burdened with bills for the services rendered. This year marks Edmarc's inaugural launch of this highly successful tournament in Williamsburg!

Registration
